

Bye Bye

Written and Composed By: Anthony Holloway

Intro

Bye Bye

Verse

It's late again my phone lights up
Same old fight, same worn-out love
I gave you more than just enough
You had my heart and tore it up

Pre-Chorus

Been holding on, but letting go
You taught me all I need to know

Chorus

Bye Bye —
Done arguing over this phone
Maybe I'm better off alone
Ain't giving us another try
So this is it now, baby bye bye
Ain't asking you to change your mind
There's nothing left for us to find
Don't need one more reason why
I mean it this time, baby bye bye

Verse

You say stay then you shut me out
Spin my words, turn love to doubt
Dragged my heart right through the dirt
You just kept on making it hurt

Pre-Chorus

Done holding on, I'm letting go
Seen enough, I know how this goes

Chorus

Bye Bye —
I got a little space tonight
Now I see this in a new light
Ain't talking myself out this time
I'm drawing the line, baby bye bye
Stepping outside to clear my head
I'm done with all the words we said
Won't turn around when you cry
Still standing my ground, baby bye bye

Bridge

Yeah you had my heart, had my trust
Had my whole world wrapped up in us
You messed it up, yeah that's on you
Now I'm walking, what you gonna do

Chorus

Bye Bye —
I'm not reaching for what is gone
No more dragging this thing along
There ain't nothing left to decide
No looking back now, baby bye bye
I'm leaving all the pain behind
I'm taking back this heart of mine
Keep the ring and keep the lies
This is the last time, baby bye bye

Outro

Say it once
Say it twice

Oh baby bye bye
