

Call It A Party

Written and Composed By: Anthony Holloway

Verse

Six A.M., boys, right on time
Eighteen holes, we had in mind
By hole four, forgot the score
Drivers down, we poured one more

Pre-Chorus

Hit the turn, called it a day
Lost the scorecard anyway

Chorus

Call it a golf trip, call it a getaway
Call it whatever got us here today
Cans in the cart, suns going down
At the clubhouse for one more round
Need to head home, already tardy
At this point — just call it a party

Verse

Friday noon, we hit the lake
Cooler packed with rods and bait
Didn't get far, never wet a line
Cracked one open, killed some time

Pre-Chorus

Sun went down, deep into night
No fish, still got it right

Chorus

Call it fishin', call it a getaway
Call it whatever got us here today
Cans on the dock, moon in the sky
Nobody's ready to call it goodbye
Need to head home, already tardy
At this point — just call it a party

Bridge

Won't remember what we shot
Won't remember what we caught
We'll remember who showed up
And what was in our cup

Chorus

Book the next trip, call it a getaway
Pick another place, another day
Same old crew, one thing's true
We know exactly what we'll do
Home on time, already tardy
At this point — just call it a party

Outro

Next time — just call it a party
